

# How to use Beanstack

## Statesboro Regional Public Libraries Summer Reading

### What is “Beanstack”?

Beanstack is The Library’s, web-based Summer Reading Program software. It allows you to track your books, minutes and activities, see upcoming events, and be entered into drawings for fun prizes.

### How do I sign up?

#### New users:

1. Go to [strl.beanstack.org](http://strl.beanstack.org)
2. Click on the blue “**Register an Individual or Family**” button.
3. Fill in the information! If you are a parent registering a child, be sure to enter your information in under “Adult Information.” Beanstack allows families to be linked together, so that all family members can be accessed with one login.
4. Once you are registered, you will be taken to your account page. This is where you will log your minutes and activities and track the badges you earn!

### How do I log minutes and activities?

1. Go to [strl.beanstack.org](http://strl.beanstack.org) or download the Beanstack Tracker app for Android and iPhone!
2. Click on the blue “**Log Reading and Activities**” button in the upper left corner or on the blue plus sign in the app.
3. Follow the prompts on the screen to log whatever you’ve accomplished.
4. When you hit a reading landmark, you will receive a badge and may be eligible for a prize!

Earn badges by reading and doing fun activities this summer. Challenges are available for all age groups. There will be drawings for fun prizes and many great activities. Join us virtually this year for our special performers, storytimes, arts and craft activities and much more! **Happy Reading!**

**You may register now & begin using Beanstack June 1st!**
