

Friends of the Candler County Library

2014-2015 Membership Drive

Dear Friends,

Your membership is more critical than ever before because funding for library materials has not improved. The Friends hope to continue their support to purchase fiction and non-fiction books, DVD'S, audio books, large print books, and other needed materials for library patrons of all ages. Your interest and support are deeply appreciated.

Your dollars also make possible:

- The pre-teen program for intermediate and middle school students.
- Summer reading programs attended by more than a total of 200 children and the adults who bring them to the library.
- Supplies for Story Time programs throughout the year.
- Small incentives for children who use the library during vacations and special events.
- Tiffany's Crafts, a series of crafting activity programs for ages 6-12.

Membership dues are still only \$10.00 for individuals and \$25.00 for businesses and civic organizations. We welcome memorials and honorariums.

You can also help by bringing your gently used books, DVDs, and audio books to the library by the end of March and October, so we may resell them in our April and November Book Bazaars. We have many requests for popular fiction, children's books, and westerns.

Thank you for all of your help.
